

Light Cover for WELDinspect

Quality of Inspection

Cover for preventing interference of the ambient light into the optical system. Creates a dark background and enhances contrast of the weld sample image. Vertical position of the cover can be adjusted for achieving best result.

Made of light and durable black coated aluminium.

Specification:

Size	180 (W) x 165 (D) x 170 (H) mm
Material	Black coated aluminium
Weight	440 g.
